Instructions – How to complete a Written Statement Under Penalty of Perjury

The RDFI must obtain a written statement under penalty of perjury from its account holder prior to initiating a return for an entry the account holder claims is unauthorized, ineligible or improper, or for which the authorization has been revoked. This includes debit entries with Standard Entry Class (SEC) codes: ARC, BOC, POP, POS, PPD, RCK, TEL and WEB; CCD and CTX entries to consumer accounts. **Verify the transaction will be returned so the ODFI receives it by the day following the 60th day after settlement of the original transaction.**

NOTE: Regulation E provides the consumer protection for electronic transactions for a period of 60 days following the transmittal of the statement. Refer to your Reg E error resolution procedures for transactions brought to your attention after the ACH 60 day right of return, but within the Reg E 60 day from statement date period.

Unauthorized debit (with the exception of TEL entries) refers to an electronic funds transfer (EFT) withdrawn from a consumer account by an entity not authorized in writing by the consumer (either signed or similarly authenticated). With respect to TEL entries, an unauthorized debit refers to an EFT from a consumer account initiated by an entity not authorized by the consumer, via oral authorization. An EFT in an amount greater than that authorized by the consumer or one that results in a debit to the consumer's account earlier than authorized is also an unauthorized debit. An unauthorized debit does not include an EFT initiated with fraudulent intent by the consumer or any person acting in concert with the consumer. An **improper / ineligible** debit means a Re-presented Check (RCK) entry, Point-of-Purchase (POP) entry, Accounts Receivable (ARC), or Back Office Conversion (BOC) entry that meets the criteria described in the 'Improper / Ineligible Entries' section.
